

## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>N-Nitrosodiethanolamine</b> |
| Specifications & Purity: | >97.0%(GC)                     |
| SKU #                    | <b>N159088</b>                 |

| Parameter            | Limit Values                                     |
|----------------------|--------------------------------------------------|
| Purity(GC)           | 97-100 (%)                                       |
| Appearance (N159088) | Yellow to brown liquid to slightly cloudy liquid |
| Proton NMR spectrum  | Conforms to Structure                            |
