

## Specification Sheet

|                          |                                                        |
|--------------------------|--------------------------------------------------------|
| Product Name:            | <b>N,N-Di-n-octyl-3-oxapentanedioic Acid Monoamide</b> |
| Specifications & Purity: | <b>&gt;98.0%</b>                                       |
| SKU #                    | <b>N159124</b>                                         |

| Parameter                        | Limit Values          |
|----------------------------------|-----------------------|
| Purity(Neutralization titration) | 98-100 (%)            |
| Proton NMR spectrum              | Conforms to Structure |
| Purity(HPLC)                     | 98-100 (%)            |
