## Specification Sheet

|                          |                              |
|--------------------------|------------------------------|
| Product Name:            | <b>N,N-Diphenylformamide</b> |
| Specifications & Purity: | >98.0%(GC)                   |
| SKU #                    | <b>N159298</b>               |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(GC)          | 98-100 (%)            |
| Melting point       | 71-74 (°C)            |
| Proton NMR spectrum | Conforms to Structure |
