

## Specification Sheet

|                          |                                                     |
|--------------------------|-----------------------------------------------------|
| Product Name:            | <b>N-(tert-Butoxycarbonyl)-p-toluenesulfonamide</b> |
| Specifications & Purity: | >98.0%                                              |
| SKU #                    | <b>N159720</b>                                      |

| Parameter            | Limit Values                         |
|----------------------|--------------------------------------|
| Purity(HPLC)         | 98-100 (%)                           |
| Appearance (N159720) | White Powder, Crystals and/or Chunks |
| Proton NMR spectrum  | Conforms to Structure                |
