

## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>N-(Triphenylmethyl)glycine</b> |
| Specifications & Purity: | 98%                               |
| SKU #                    | <b>N159834</b>                    |

| Parameter            | Limit Values              |
|----------------------|---------------------------|
| Purity(HPLC)         | 98-100 (%)                |
| Appearance (N159834) | White to Off-White Powder |
| Proton NMR spectrum  | Conforms to Structure     |
