

## Specification Sheet

|                          |                                        |
|--------------------------|----------------------------------------|
| Product Name:            | <b>N-Acetylindole-3-carboxaldehyde</b> |
| Specifications & Purity: | 98%                                    |
| SKU #                    | <b>N183000</b>                         |

| Parameter            | Limit Values                                      |
|----------------------|---------------------------------------------------|
| Purity(HPLC)         | 98-100 (%)                                        |
| Melting point        | 160-165 (°C)                                      |
| Appearance (N183000) | white to off-white powder, crystals and/or chunks |
| Proton NMR spectrum  | Conforms to Structure                             |
