## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>Neodymium(III) i-propoxide</b> |
| Specifications & Purity: | <b>≥99.9% metals basis(REO)</b>   |
| SKU #                    | <b>N283482</b>                    |

| Parameter                           | Limit Values          |
|-------------------------------------|-----------------------|
| ICP:Confirms Nd Component           | Confirmed             |
| Purity Based On Rare Earth Analysis | 99.9-100 (%)          |
| Trace Rare Earth Analysis           | 0-1000 (ppm)          |
| Infrared spectrum                   | Conforms to Structure |
