## Specification Sheet

|                          |                                    |
|--------------------------|------------------------------------|
| Product Name:            | <b>Nitrobenzene-<sup>15</sup>N</b> |
| Specifications & Purity: | 98 atom % <sup>15</sup> N ; 98%    |
| SKU #                    | <b>N346210</b>                     |

| Parameter                         | Limit Values                     |
|-----------------------------------|----------------------------------|
| NMR Spectrum <sup>1</sup> H       | Conforms to Structure            |
| Isotopic purity( <sup>15</sup> N) | 98-100 (atom%)                   |
| Appearance(N346210)               | Colorless to yellow clear liquid |
| Chemical Purity                   | 98-100 (%)                       |
