## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>N-Acetyl Sulfamethazine</b> |
| Specifications & Purity: | ≥98%                           |
| SKU #                    | <b>N356527</b>                 |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(HPLC)        | 98-100 (%)            |
| Melting point       | 240-249 (°C)          |
| Proton NMR spectrum | Conforms to structure |
