

## Specification Sheet

|                          |                                              |
|--------------------------|----------------------------------------------|
| Product Name:            | <b>N-(3 , 4-Dihydroxyphenethyl)acetamide</b> |
| Specifications & Purity: | <b>≥97%</b>                                  |
| SKU #                    | <b>N695368</b>                               |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 97-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
