

## Specification Sheet

|                          |                   |
|--------------------------|-------------------|
| Product Name:            | <b>Octadecane</b> |
| Specifications & Purity: | 99%               |
| SKU #                    | <b>O110584</b>    |

| Parameter            | Limit Values                    |
|----------------------|---------------------------------|
| Purity(GC)           | 99-100 (%)                      |
| Melting point        | 27-29 (°C)                      |
| Appearance (O110584) | white solid or colorless liquid |
| Infrared spectrum    | Conforms to Structure           |
| Proton NMR spectrum  | Conforms to Structure           |
