## Specification Sheet

|                          |                                            |
|--------------------------|--------------------------------------------|
| Product Name:            | <b>4-((3-Fluorobenzyl)oxy)benzoic acid</b> |
| Specifications & Purity: | Moligand™, ≥97%                            |
| SKU #                    | <b>O701156</b>                             |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 97-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
