## Specification Sheet

|                          |                                    |
|--------------------------|------------------------------------|
| Product Name:            | <b>Palladium nitrate dihydrate</b> |
| Specifications & Purity: | Pd $\geq$ 39.0%                    |
| SKU #                    | <b>P105995</b>                     |

| Parameter                   | Limit Values          |
|-----------------------------|-----------------------|
| Pd (by ICP Atomic emission) | 39-42 (%)             |
| Appearance (P105995)        | yellow to brown solid |
| X-Ray Diffraction           | Conforms to Structure |
