## Specification Sheet

|                          |                              |
|--------------------------|------------------------------|
| Product Name:            | <b>Polystyrene</b>           |
| Specifications & Purity: | general typell,high-strength |
| SKU #                    | <b>P107086</b>               |

| Parameter                     | Limit Values            |
|-------------------------------|-------------------------|
| MVR(200°C×5kg)                | 2.500-3.500 (cm3/10min) |
| Tensile strength-Tsb,50mm/min | 47-57 (Mpa)             |
