## Specification Sheet

Product Name: **2-phenylethylphosphonic Acid**  
Specifications & Purity: >98.0%(HPLC)  
SKU #: **P133714**

| Parameter                        | Limit Values          |
|----------------------------------|-----------------------|
| Purity(HPLC)                     | 98-100 (%)            |
| Melting point                    | 136-140 (°C)          |
| Proton NMR spectrum              | Conforms to structure |
| Purity(Neutralization titration) | 97.5-102.5 (%)        |
