## Specification Sheet

|                          |                                               |
|--------------------------|-----------------------------------------------|
| Product Name:            | <b>Poly(9,9-di-n-hexylfluorenyl-2,7-diyl)</b> |
| Specifications & Purity: | Mn 10,000~100,000 by GPC                      |
| SKU #                    | <b>P293093</b>                                |

| Parameter               | Limit Values          |
|-------------------------|-----------------------|
| Molecular Number by GPC | 10000-100000          |
| NMR Spectrum 1H         | Conforms to Structure |
