## Specification Sheet

|                          |                                     |
|--------------------------|-------------------------------------|
| Product Name:            | <b>Perfluoro-2-methyl-2-pentene</b> |
| Specifications & Purity: | ≥98%                                |
| SKU #                    | <b>P332848</b>                      |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Flourine 19 NMR Spectrum | Conforms to structure |
| Purity(GC)               | 98-100 (%)            |
| GC-MS for identification | Conforms              |
