

## PRODUCT IDENTITY

|                 |                            |                |         |
|-----------------|----------------------------|----------------|---------|
| PRODUCT NAME    | Potassium phosphate buffer | PRODUCT NUMBER | P406796 |
| Grades & Purity | 0.5mol/L,pH6.6             | VERSION        | 3       |

## ACCEPTANCE CRITERIA

| PARAMETER                        | SPECIFICATION / LIMIT        |
|----------------------------------|------------------------------|
| PH (25°C)                        | 6.5-6.7                      |
| Concentration(Compounding value) | 0.49-0.51 (mol/L)            |
| Appearance(P406796)              | Colorless Transparent Liquid |
