

## PRODUCT IDENTITY

|                 |                            |                |         |
|-----------------|----------------------------|----------------|---------|
| PRODUCT NAME    | Potassium phosphate buffer | PRODUCT NUMBER | P406874 |
| Grades & Purity | 1mol/L,pH8.0               | VERSION        | 3       |

## ACCEPTANCE CRITERIA

| PARAMETER                        | SPECIFICATION / LIMIT        |
|----------------------------------|------------------------------|
| PH (25°C)                        | 7.9-8.1                      |
| Concentration(Compounding value) | 0.98-1.02 (mol/L)            |
| Appearance(P406874)              | Colorless Transparent Liquid |
