

## Specification Sheet

|                          |                       |
|--------------------------|-----------------------|
| Product Name:            | <b>Prohydrojasmon</b> |
| Specifications & Purity: | 98%                   |
| SKU #                    | <b>P418539</b>        |

| Parameter                     | Limit Values                     |
|-------------------------------|----------------------------------|
| Purity(GC Mixture of isomers) | 98-100(%)                        |
| Proton NMR spectrum           | Conforms to structure            |
| Appearance(P418539)           | Colorless to light yellow Liquid |
