Specification Sheet

Product Name: **Poly(N-isopropylacrylamide-r-methacrylic acid) random polymer**
Specifications & Purity: Mn~60000, MAA~10 mol%
SKU #: **P477411**

| Parameter | Limit Values |
|--------------------------|---------------------------|
| Appearance(P477411) | White to Off-white Powder |
| Average Molecular Number | 55000-65000 |
| MAA(mol) | 8-12 (%) |
| Infrared spectrum | Conforms to Structure |
