## Specification Sheet

|                          |                                                 |
|--------------------------|-------------------------------------------------|
| Product Name:            | <b>2-(4,5-Dihydro-1H-imidazol-2-yl)pyridine</b> |
| Specifications & Purity: | ≥95%                                            |
| SKU #                    | <b>P697482</b>                                  |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 95-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
