## Specification Sheet

|                          |                                                              |
|--------------------------|--------------------------------------------------------------|
| Product Name:            | <b>3-(4-Bromophenyl)-1-phenyl-1H-pyrazole-4-carbaldehyde</b> |
| Specifications & Purity: | ≥95%                                                         |
| SKU #                    | <b>P699265</b>                                               |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 95-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
