## Specification Sheet

|                          |                                  |
|--------------------------|----------------------------------|
| Product Name:            | <b>5-Phenylpyrimidin-2-amine</b> |
| Specifications & Purity: | ≥97%                             |
| SKU #                    | <b>P726708</b>                   |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 95-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
