

## Specification Sheet

|                          |                             |
|--------------------------|-----------------------------|
| Product Name:            | <b>Potassium dichromate</b> |
| Specifications & Purity: | BioReagent, $\geq 99.5\%$   |
| SKU #                    | <b>P755679</b>              |

| Parameter                       | Limit Values                       |
|---------------------------------|------------------------------------|
| Appearance(P755679)             | Orange-red crystal solid or powder |
| Assay                           | 99.5-100 (%)                       |
| ICP:Confirms K and Cr Component | Confirmed                          |
| X-Ray Diffraction               | Conforms to Structure              |
