

Specification Sheet

Product Name:	Phosphatase, Alkaline from bovine intestinal mucosa
Specifications & Purity:	UltraBio™, buffered aqueous glycerol solution, ≥5,700 DEA units/mg protein
SKU #	P755918Z

Parameter	Limit Values
mg protein/ml (Biuret)	≥10
Protein Enzymatic Protein Enzymatic Activity(DEA units/mg protein)One unit will hydrolyze 1.0 micromole of p-nitrophenyl phosphate to p-nitrophenol and phosphate at pH 9.8 at 37°C.	≥5700 (units/mg)
