## Specification Sheet

|                          |                                                                                   |
|--------------------------|-----------------------------------------------------------------------------------|
| Product Name:            | Recombinant Mouse CCL7/MARC Protein                                               |
| SKU #:                   | rp186590                                                                          |
| Version:                 | 1                                                                                 |
| Source:                  | Recombinant                                                                       |
| Specifications & Purity: | Carrier Free, Bioactive, High performance, ActiBioPure™, ≥90% (SDS-PAGE), See COA |
| Concentration:           | See COA                                                                           |
| Formulation:             | Liquid                                                                            |
| Reconstitution:          |                                                                                   |
| Storage Conditions:      | Store at -20°C, Avoid repeated freezing and thawing                               |

| Parameter                     | Limit Values      |
|-------------------------------|-------------------|
| Appearance(rp186590)          | Colourless liquid |
| Molecular Weight              | 9.8-14.6(kD)      |
| Purity(SDS-PAGE)              | 90-100(%)         |
| Endotoxin Level <1 EU/μg      | Conform           |
| Activity(Chemotaxis Bioassay) | Conform           |
