## Specification Sheet

|                          |                                                                           |
|--------------------------|---------------------------------------------------------------------------|
| Product Name:            | Recombinant Streptavidin Protein (LumiDye™ Yellow-Green 566)              |
| SKU #:                   | rp220557                                                                  |
| Version:                 | 1                                                                         |
| Source:                  | Recombinant                                                               |
| Specifications & Purity: | Validated, ExactAb™, 1.0 mg/mL                                            |
| Concentration:           | 1.0 mg/mL                                                                 |
| Formulation:             | Liquid                                                                    |
| Reconstitution:          |                                                                           |
| Storage Conditions:      | Store at -20°C, Protected from light, Avoid repeated freezing and thawing |

| Parameter            | Limit Values |
|----------------------|--------------|
| Appearance(rp220557) | Pink liquid  |
| IF                   | Conform      |
| Flow Cytometry       | Conform      |
