## Specification Sheet

|                          |                                                                             |
|--------------------------|-----------------------------------------------------------------------------|
| Product Name:            | Recombinant CSFV Glycoprotein E2 Protein                                    |
| SKU #:                   | rp221740                                                                    |
| Version:                 | 1                                                                           |
| Source:                  | Recombinant                                                                 |
| Specifications & Purity: | Animal Free, Carrier Free, PBS Only, $\geq 95\%$ (SDS-PAGE),<br>1-1.5 mg/mL |
| Concentration:           | 1-1.5 mg/mL                                                                 |
| Formulation:             | Liquid                                                                      |
| Reconstitution:          |                                                                             |
| Storage Conditions:      | Store at $-20^{\circ}\text{C}$ , Avoid repeated freezing and thawing        |

| Parameter                    | Limit Values             |
|------------------------------|--------------------------|
| Appearance(rp221740)         | Clear colorless buffered |
| Purity(SDS-PAGE) $\geq 95\%$ | Conform                  |
| Endotoxin Level $< 50$ EU/mL | Conform                  |
| Molecular Weight             | 45-55(kD)                |
