

## Specification Sheet

Product Name: **9,9'-Spirobi[9H-fluorene]-2-boronic Acid**  
Specifications & Purity: **≥98.0%**  
SKU #: **S137123**

| Parameter                        | Limit Values              |
|----------------------------------|---------------------------|
| Purity(Neutralization titration) | 98-102 (%)                |
| Carbon by Elemental Analysis     | 81.1-83.8 (%)             |
| Appearance (S137123)             | White to Off-White Powder |
| Proton NMR spectrum              | Conforms to Structure     |
