

## Specification Sheet

Product Name: **4-Styrylpyridine**  
Specifications & Purity: **>98.0%(GC)**  
SKU #: **S161058**

| Parameter            | Limit Values                          |
|----------------------|---------------------------------------|
| Purity(GC)           | 98-100 (%)                            |
| Melting point        | 129-133 (°C)                          |
| Appearance (S161058) | White - Greyish reddish yellow Powder |
| Proton NMR spectrum  | Conforms to Structure                 |
