

## Specification Sheet

Product Name: **(S)-Methyl 2-amino-2-(2-chlorophenyl)acetate tartaric salt**  
Specifications & Purity: **98%**  
SKU #: **S190850**

| Parameter                                                         | Limit Values                                   |
|-------------------------------------------------------------------|------------------------------------------------|
| Appearance(S190850)                                               | White to off-White crystalline Powder or chunk |
| Purity(HPLC)                                                      | 98-100 (%)                                     |
| Proton NMR spectrum                                               | Conforms to structure                          |
| Specific rotation $[\alpha]_{20/D}(C=1 \text{ MeOH})$ (Anhydrous) | $\geq 85$ (°)                                  |
