

## Specification Sheet

|                          |                                  |
|--------------------------|----------------------------------|
| Product Name:            | <b>Sarecycline hydrochloride</b> |
| Specifications & Purity: | Moligand™, ≥98%                  |
| SKU #                    | <b>S413004</b>                   |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 98-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
