

Specification Sheet

Product Name:	Silicon nitride
Specifications & Purity:	predominantly β -phase, particle size $\leq 10\mu\text{m}$
SKU #	S431559

Parameter	Limit Values
Appearance(S431559)	off-white to grey or beige powder to Grey Powder
X-Ray Diffraction	Conforms to Structure
Average particle size	0-10 (μm)
phase(β)	β -phase
