## Specification Sheet

Product Name:

**Silver dispersion liquid**

Specifications & Purity:

Aqueous solution with a particle size of ~10 nm, concentration of 0.02 mg/mL, containing the stabilizer sodium citrate

SKU #

**S477859**

### Parameter

### Limit Values

Appearance(S477859)

Faint yellow to dark yellow to dark orange liquid

ICP: Confirms Silver Component

Confirmed

Particle size

6-14 (nm)

Concentration

0.015-0.025 (mg/ml)

stabilizer sodium citrate
