

## Specification Sheet

|                          |                      |
|--------------------------|----------------------|
| Product Name:            | <b>Telluric acid</b> |
| Specifications & Purity: | ≥98%                 |
| SKU #                    | <b>T110573</b>       |

| Parameter                                   | Limit Values          |
|---------------------------------------------|-----------------------|
| Purity(Titration After Conversion to Oxide) | 97.5-102.5 (%)        |
| Appearance (T110573)                        | White Solid           |
| ICP Confirms Tellurium Component            | Confirmed             |
| X-Ray Diffraction                           | Conforms to Structure |
