

## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>Trimethylsulfonium Bromide</b> |
| Specifications & Purity: | 98%                               |
| SKU #                    | <b>T162037</b>                    |

**Parameter**

Purity(O2 AgNO3 titration with after combustion)

Appearance (T162037)

Proton NMR spectrum

**Limit Values**

97.5-102.5 (%)

white to beige powder or crystals

Conforms to Structure
