## Specification Sheet

|                          |                            |
|--------------------------|----------------------------|
| Product Name:            | <b>Thiodisuccinic Acid</b> |
| Specifications & Purity: | >98.0%(T)                  |
| SKU #                    | <b>T162106</b>             |

| Parameter                        | Limit Values          |
|----------------------------------|-----------------------|
| Purity(Neutralization titration) | 97.5-102.5 (%)        |
| Appearance (T162106)             | White powder          |
| Proton NMR spectrum              | Conforms to Structure |
