

## Specification Sheet

|                          |                                                 |
|--------------------------|-------------------------------------------------|
| Product Name:            | <b>Triphenyl(tetradecyl)phosphonium Bromide</b> |
| Specifications & Purity: | 97%                                             |
| SKU #                    | <b>T162766</b>                                  |

| Parameter                               | Limit Values          |
|-----------------------------------------|-----------------------|
| Proton NMR spectrum                     | Conforms to Structure |
| Purity(Titration by AgNO <sub>3</sub> ) | 96.5-103.5 (%)        |
