

## Specification Sheet

Product Name: **2-(Triphenylphosphoranylidene)acetophenone**  
Specifications & Purity: **>98.0%(T)**  
SKU #: **T162826**

| Parameter            | Limit Values             |
|----------------------|--------------------------|
| Melting point        | 184-188 (°C)             |
| Purity(HPLC)         | 97-100 (%)               |
| Appearance (T162826) | White to off-white solid |
| Proton NMR spectrum  | Conforms to Structure    |
