## Specification Sheet

|                          |                                          |
|--------------------------|------------------------------------------|
| Product Name:            | <b>Tris(trimethylsilyl) Borate(TMSB)</b> |
| Specifications & Purity: | ≥98%(GC)                                 |
| SKU #                    | <b>T162882</b>                           |

| Parameter                           | Limit Values                     |
|-------------------------------------|----------------------------------|
| Purity(GC)                          | 98-100 (%)                       |
| Refractive index n <sub>20</sub> /D | 1.385-1.389                      |
| Appearance (T162882)                | Colorless to light yellow liquid |
| Proton NMR spectrum                 | Conforms to Structure            |
