

## Specification Sheet

|                          |                                                     |
|--------------------------|-----------------------------------------------------|
| Product Name:            | <b>2-(2-Thienyl)-1,3-thiazole-4-carboxylic acid</b> |
| Specifications & Purity: | 95%                                                 |
| SKU #                    | <b>T168928</b>                                      |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Proton NMR spectrum      | Conforms to structure |
| Purity(HPLC)             | 95-100 (%)            |
| Assay(Titration by NaOH) | 94-102.5 (%)          |
