

## Specification Sheet

|                          |                                                  |
|--------------------------|--------------------------------------------------|
| Product Name:            | <b>trans-3-hydroxycyclobutanecarboxylic acid</b> |
| Specifications & Purity: | 97%                                              |
| SKU #                    | <b>T173161</b>                                   |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Appearance(T173161) | White Solid           |
| Proton NMR spectrum | Conforms to Structure |
| Purity(HPLC area)   | 97-100 (%)            |
