## Specification Sheet

|                          |                              |
|--------------------------|------------------------------|
| Product Name:            | <b>Tetramethyljulolidine</b> |
| Specifications & Purity: | 98%                          |
| SKU #                    | <b>T189832</b>               |

| Parameter            | Limit Values                   |
|----------------------|--------------------------------|
| Appearance (T189832) | Off-white to light brown Solid |
| Proton NMR spectrum  | Conforms to structure          |
| Purity(HPLC)         | 98-100 (%)                     |
