## Specification Sheet

|                          |                           |
|--------------------------|---------------------------|
| Product Name:            | Tris(trimethylsilyl)amine |
| Specifications & Purity: | 97%                       |
| SKU #                    | T191181                   |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(GC)          | 97-100 (%)            |
| Proton NMR spectrum | Conforms to structure |
