## Specification Sheet

|                          |                               |
|--------------------------|-------------------------------|
| Product Name:            | <b>Titan yellow indicator</b> |
| Specifications & Purity: | 0.05%                         |
| SKU #                    | <b>T299262</b>                |

| Parameter                                    | Limit Values  |
|----------------------------------------------|---------------|
| Concentration                                | 0.05-0.1 (%)  |
| Appearance (T299262)                         | yellow liquid |
| PH Transition interval,11(yellow)-13(orange) | Conforms      |
