## Specification Sheet

|                          |                       |
|--------------------------|-----------------------|
| Product Name:            | <b>2-Toluidine-d7</b> |
| Specifications & Purity: | ≥98%(CP), ≥98 atom% D |
| SKU #                    | <b>T331363</b>        |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(GC)               | 98-100 (%)            |
| Isotopic purity(D)       | 98-100 (atom %)       |
| NMR Spectrum 1H          | Conforms to Structure |
| GC-MS for identification | Conforms              |
