

## Specification Sheet

|                          |                                     |
|--------------------------|-------------------------------------|
| Product Name:            | <b>2,5,6-Trimethylbenzothiazole</b> |
| Specifications & Purity: | 98%                                 |
| SKU #                    | <b>T404998</b>                      |

| Parameter       | Limit Values          |
|-----------------|-----------------------|
| Melting point   | 81-90 (°C)            |
| Purity(GC)      | 98-100 (%)            |
| NMR Spectrum 1H | Conforms to structure |
