

Specification Sheet

Product Name: **Titanium oxide**
Specifications & Purity: nanopowder, 100-300nm particle size,99% metals basis,hydrophilic
SKU # **T491120**

Parameter

Appearance(T491120)
X-Ray Diffraction
ICP Major Analysis Confirmed
Trace Metal Analysis
Purity Based On Trace Metals Analysis
Average particle size
surface properties,Hydrophilic
Crystal form(Rutile)

Limit Values

White Powder
Conforms to Structure
Confirmed to structure
≤10000.0 (ppm)
99-100 (%)
100-300 (nm)
Conforms
pass
