## Specification Sheet

|                          |                                                          |
|--------------------------|----------------------------------------------------------|
| Product Name:            | <b>4-Trimethylsilylbenzeneboronic acid pinacol ester</b> |
| Specifications & Purity: | ≥98%                                                     |
| SKU #                    | <b>T729155</b>                                           |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 98-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
